- 35 Hennebeker, according to a spokeswoman for the New York State Office of Mental Health.. "I felt like when you look into the eyes of somebody who's do- ing something terrible, like rape or something like that," Daem told the Daily News Monday. "I could just see them, I could see their eyes, and I could see that they're not happy. Now it's gone! I was at the US Open and saw a collection of small memorabilia from chessÂ . . - $13.60 to $19.60 The unveiling followed the announcement in MarchÂ .Q: Should I remove my user? I've had a question deleted because it wasn't specific enough, or not specific enough of what I wanted, and I was also put into a user retention ban due to multiple "low quality" questions. Now in the ban, they say to edit questions if they need to be edited, so I went to my account and tried to edit some questions. I noticed that it said I need 50 rep on answers before I can do this. But it says that my only account is my main one, what happened to my other one? Is it dead? Should I just delete my account and start a new one? A: They can't unban you because you are at the bottom of a list. It's not, they banned you, not deleted your account. In any case you have to wait for at least one post you made to be undeleted, deleted posts don't count. In cases like yours it's best to just try and fix the posts. :) And just make sure the questions you try to edit have some enough reputation (even if it's just another 100 rep or so) so you don't get a moderator message in the future saying your question was deleted. :) +----------+ | TPWD News Release 20031029a | +----------+ | This page contains only plain text, and is available through the | | service MAPI International.
