You can find many types of applications for this purpose, and some of them offer you a good, high-quality solution for creating electronic brochures, e-books, e-magazines and more. Some of them are very easy to use, while others are extremely difficult. However, by far the best application with the greatest number of features has to be EximiousSoft ePage Creator. The application has an outstanding user interface (GUI) that is very simple to use. It's not as easy as most of the other ones. Yes, there are also other e-book designers out there, but they aren't as easy to use as EximiousSoft ePage Creator. Therefore, if you are looking for a user-friendly and easy-to-
