Crafted by the world-famous company Gust, Elden Ring is a fantasy action RPG where you fight for the fate of a fantasy world that has fallen into a hellish nightmare. Elden Ring is an RPG created by SEGA, but it has the feel of an action RPG. ★ System of Guild and Magic System 1 - Guild (A system where you can freely combine weapons and armor) System 2 - Magic (A system that depends on your class) ★ How to Play 1. Equip your Guild and Magic and be guided by your character class to go out into the battlefield. 2. Explore and quest for more than 60 items with unique effects and be on your way to victory with your followers as your allies. ©2010 SEGA. All rights reserved. With this update we are introducing the detailed adjustment of the battle system, and consequently, several of the game's functions are undergoing significant improvements. * Battle System Adjustments Previously, we had planned to add a "Combat View" function to the top screen as a new menu option. However, we had to set the plan aside after we had designed the menu and realized there was a

limitation in the number of items that could appear on the screen at once. As a result, we decided that we should have the battle functions appear on the top screen and in addition, in the middle of the battle, we'll have the top screen "freeze". As a side effect, we'll be unable to give out weapon and armor information at any time during battle. With this change, if you are using "Custom PVP", you will no longer be able to participate in the game's PVP. We apologize for the inconvenience and we would like to thank those of you who have been patiently waiting for the update! For more information about the game, please check out our website at * Item Type Changes - New Armor type - Heavy Armor - New Weapon type - Gun

The U.S. Postal Service is offering a membership option for an extra service for its giant post office mailboxes. The Postal Service is looking to offer on-demand 24/7 mail delivery service to the more than 35 million U.S. households where a mailbox is already in place. The Postal Service had received nearly 24,000 requests for service from residents who already have a mailbox at a post office and 8,000 requests from homeowners who want to have an on-demand service, the agency said. "We are excited to announce the Postal Service has been selected by the American Consumer Institute as one of the top five best tech companies this year," said Mike DiGiovanni, APOs, vice president of the Postal Service's

Services Innovation Group.
