The complete story will be told only on PC. That said, we do expect the possibility of at least cross-platform support in the future for platforms like Xbox One and PlayStation 4.

**All items include a random, sealed copy of the posters from the back. The first 10 will receive a signed, numbered 12x18 poster card featuring Josh.*

"The develop of Tarnished Realms marks a turning point for A2 in that it is our first title on the PC. We have become enthused and excited by the PC platform. An available, multiplayer mode helps make our vision of a fantasy action RPG a reality. A unique Bloodborne inspired combat system with multiple weapons and bindable and unbindable armor makes for an exciting gameplay experience. It is important to look at the PC as a platform where gamers can take innovative approaches to gaming, that, in the end, are able to expand as the industry changes. Thus, in addition to our signed, numbered poster cards, we will ship your game a uniquely designed copy of our official soundtrack by indie rock powerhouse Y.N.S.P. (pronounced "Your

from California State University, Los Angeles. Holographic images are recorded within the material and projected by a laser. By casting a reference beam of light, a complex pattern is formed within the material that contains the image of a sinuous or three-dimensional object. The object is then removed from its original container and cut into pieces and examined, thus revealing the image that was in the hologram. His work evolved with the recreation of long-lost masterpieces of Western and Chinese art. In 1995, Gevorkyan's team scanned and reproduced the 7th-century Buddhist Mission of Peter, a fresco painted on silk and housed in a museum in San Francisco. A team of computer scientists, optical physicists and engineers at the University of California, Santa Cruz followed with even more ambitious reproduction of masterpieces by Leonardo da Vinci and Filippo... published: 24 Feb 2017 Catching Up and Other Random News Over the past few weeks, I have been busy with such random important things, that I haven't been able to do updates.
