Sins Of A Solar Empire: Rebellion - Forbidden Worlds® DLC Crack + [Win/Mac]

TEC: During your exploration of the galaxy you will discover a multitude of planets, both solid and in the clouds, both places where life has found a niche and places where life has been driven to the edge of extinction. Explore these worlds as the Terran Ecosystem Coalition, hoping to expand its empire and colonize planets on its borders...As the Allied Coalition of the Terran Ecosystem Coalition, you now begin a quest to discover the secrets of the unknown and seek a means to control the trade, and more importantly the people, of these planets, all under the cover of the dark myth of the Maelstrom.Are you ready for this, TEC? Forbidden Worlds Forbidden Worlds is a new expansion to Sins of a Solar Empire: Rebellion based on the adventures of the TEC to the far corners of the galaxy. Each planet will offer a new background and story that will take players on a new journey into the unknown and far beyond to explore a new life on a new planet. Enjoy the incredible new planet textures and enjoy new planet object features that add more complexity to your trading routes. Collect new planet resources for use in trade goods or unlock new research. Even research subjects change! Each planet contains at least 3 new research subjects that will teach you how to achieve new feats, both in technology and in the discovery of new worlds... and so much more. Ever wondered how the Shaper Militia pulls off its Imperium-like military prowess? Why the Venn defend their capital city so fervently against an assault by the TEC? Or how most of the Syndicate's Hierarchies survived a series of accidents that would have destroyed most of them? Why are the Sats still here after decades of civil war? The Forbidden Worlds DLC answers those questions and many more as it explores the secrets of this shattered empire and the reasons why they do what they do. While the stars burn, empires fall, and those that remain are forced to make war in order to survive. We wanted to give you a taste of what is to come with the new DLC, and we couldn't be more excited to bring you this full experience. As a bonus, we also gave you the next wave of a very special series of Dev Diary videos -- The Serenity Series. Watch as we bring you new developer commentary, behind the scenes sneak peeks, and exclusive gameplay from the new DLC. Extensively modified graphics will result in an improved player experience.
