Q: How do I replace a block of code with a loop that increases the amount of times something is repeated? I have a table that looks like this: Foo Bar Foo Bar Foo Bar I'd like to use jQuery to replace the s with a block of code that loops through the same s. But, I don't know the values of these. I only know they'll be there in pairs. How would I go about doing this? I have a sample string that I'll be working with, as well. String a = "Foo Bar"; A: $('table tbody tr').each(function() { var spans = $(this).children('span'); for (var i = 0; i
