The song is a cover of the song "The Edge of Glory" that is found on the Bruce Springsteen album, Tunnel of Love. The song was a minor hit for the artist in 1986. This was the only song released from the album the following year on which Springsteen was playing lead guitar. The title of the song and the album came from the lyrics of the Springsteen song "Brilliant Disguise" (MTV Unplugged). The song was also featured in the hit films Missing and Bridget Jones's Diary. The film Bridget Jones's Diary featured a scene in which Bridget Jones (Renee Zellweger) mistakenly thinks she is listening to the song in a car, and she swoons to it after thinking she is listening to a Bruce Springsteen song.

The song was featured on the 2008 album, Jump to it. When the tree top used in the DVD film "Bridget Jones's Diary" is filmed at locations in Whaley Bridge, Derbyshire, UK. The song is included in the following film soundtracks: Knocked Up Bridget Jones's Diary The First Wives Club The song is also featured in the following television series episodes: Season 2, episode 1 of The Big Valley. Season 8, episode 11 of The L Word. Play list "The Edge of Glory" featuring Brian Wilson "My Name Is Bruce" "Heartbreakers" "Detroit Medley" "Cadillac Ranch" (Kris Kristofferson/Johnny Cash) "Brilliant Disguise" "Can't Keep Runnin'" "Ain't No Trouble" (Buddy Holly/Jerry Lee Lewis) "Vincent" (Led Zeppelin) "A Hard Days Night" (Phil Spector/Jimmy Wales) "Mr. Tambourine Man" (Bob Dylan) References External links Bruce Springsteen.com Category:1982 songs Category:Bruce Springsteen songs Category:Songs written by Bruce Springsteen Category:Song recordings produced by the E Street Band/\* \* Copyright (c) 2018 THL A29 Limited, a Tencent company. Joomla!.Nasal estrogen therapy and long-term effects on the female upper airways. Pharmacotherapy of the upper airways remains a challenging field to practice medicine and pursue in research. There is no definitive treatment for symptoms such as the obstructive and hypertensive syndromes that are associated with the nasal route of estrogens, and treatment is mainly symptomatic. There is no standardized protocol for obtaining airway samples for diagnostic purposes. In this article, we will review the physiology and pathophysiology of the upper airways and the impact of nasally applied estrogens in these organs. We will then provide some suggestions to use nasal estrogens in clinical practice for the management of patients with airway disease. Our overview shows that the clinical side-effects of nasally administered estrogens are minor and of short duration, which makes them a good therapeutic modality to treat nasal symptoms. However, if surgical procedures are indicated, vaginal estrogen therapy remains the gold standard. With the things we've seen over the past week, there's no doubt that Apple will be showing off some new product before the year is out, be it the iPhone 5, the iPad 2 or even the next version of iTunes.

We're really hoping for the latter, but the former two are more than likely! Apple is thinking of putting a new touch to the iPad next year, as it made a lot of changes with the iPad 2 including its body, battery life and processor. In fact, Apple was working on a smaller version of the iPad before the iPad 2 was unveiled. With the memory sizes in tablets becoming bigger and bigger, it's fairly obvious that Apple is going to have to make some changes to the iPad in order to put up with the weight in tablets of the current generation. New iPad is the Cupertino's ace in the hole - Wall Street Journal There are rumours that the next version of the iPad will pack a new body, and it could be as light as 350 grams. According to tech bloggers and blog sites, some of the new features on the next iPad include
