The Organisation for the Prohibition of Chemical Weapons (OPCW) said on Sunday it had removed the entire sample from a testing ground at Syria's Douma, declaring it was "unable to conduct an examination" of the sample. A source close to the OPCW's Syrian mission said part of the sample had been taken in March 2018. "It has therefore been destroyed," the source said. "The OPCW said to us that they have removed the sample from the OPCW chemistry testing laboratory in the Douma enclave in Syria and that they will destroy it," a second source said. OPCW officials could not be reached.

Coma following ischaemic stroke is a life-threatening condition. The purpose of this study was to evaluate the effects of decompressive hemicraniectomy on the neurological and functional outcome of patients with non-traumatic coma. Nineteen consecutive patients (11 women, 8 men; median age 72 [range: 60-86] years) with

ischaemic or haemorrhagic coma underwent surgical decompression with hemicraniectomy between March 2003 and March 2009. At admission, Glasgow Coma Scale (GCS) score was 5.5 [range: 4-8] and the median age-adjusted Coma Recovery Scale-Revised (CARS) score was 23 [range: 11-30]. All patients were treated with a single surgery. Operative time was 4 h (range: 2-6 h), and the median follow-up duration was 6.5 months (range: 1-13 months). The median GCS score was 7 [range: 6-8] and the median CARS score was 25 [range: 20-30] at discharge from the intensive care unit. Sixteen (84%) patients recovered without any neurological deficit. In the remaining three patients, a GCS and/or CARS score of 15 and/or 27, respectively, were achieved. The motor and sensory outcomes were fair to good in all the patients.

LNSM2 is a free, digital boardgame adventure game developed by Bitter Sweet Entertainment and published by Double Eleven. It's free but with a few optional in-game purchases. As a

boardgame, the core mechanics are relatively simple: capture more areas and fill up the board, using up the opponent's life points. As an adventure game, you play as a hero, who must navigate many puzzles and fights while avoiding a final villain. The game is dark and full of hidden aspects. LNSM2 is a game for people who enjoy puzzle games and horror games. 'Inspired' by The Legend of Zelda, it features this most classic of boardgames, which has spawned many imitations and a few revival attempts over the years. There is also a lot of mystery, romance and even a few curse words involved. Besides the game itself, it also has a lot of resources for fans to use: an EGM version, a resource-friendly OGG version and a large series of BGMs. All in all, it should satisfy a good part of the boardgame community.
