Kingdom Come *Dishonored* copies almost everything there is to be copied. Despite the similarities, the similarities are readily visible. There are no standout elements, but simply a continuous flow of shapeless units. All of that is accompanied by excellent audio and animation.

Pros: Watertight graphics, great sound effects, lots of gameplay
Strongly reminiscent of the *Dishonored* "Death Wish". Cons The invisible horrors that haunt the low-scoped distant horizon makes it hard for you to keep them in sight. The timeline is just plain bad.
